

## 60Hz Isuzu Diesel Genset 40kVA Standby Power With Smartgen Controller

Our Product Introduction

### Basic Information

- Place of Origin: CHINA
- Brand Name: DELLENT-ISUZU
- Certification: CE ISO
- Model Number: DE-IS45
- Minimum Order Quantity: 1\*20GP
- Price: face to face
- Packaging Details: PLASTIC WRAP
- Delivery Time: 20-30 DAYS
- Payment Terms: L/C, T/T
- Supply Ability: 500 PCS PER MONTH

### Product Specification

- Name: Isuzu Diesel Genset
- Brand: ISUZU
- Cooling System: Water Cooling
- Frequency: 60HZ
- Alternator: Tamford/ Leroy Somer/ Mecc Alte
- Controller Model: Deepsea/ ComAp/Smartgen
- Phase: Three Phase
- Type: Diesel Generator
- Controller: Smartgen DSE
- Engine Model: 4JB1TA
- Prime Power: 41kVA/33kW
- Standby Power: 45kVA/36kW
- Highlight: **60Hz Isuzu Diesel Genset,  
Isuzu Diesel Genset 40kVA,  
Standby Power Isuzu Diesel Genset**

## Product Description

### 60Hz Isuzu Diesel Genset 40kVA Standby Power With Smartgen Controller

Commercial ISUZU 40kVA Generator ,4JB1TA Engine Diesel Generator ,  
Light: CE ISUZU 40kVA Generator ,60HZ

#### .PRODUCT DESCRIPTION

##### Product Introduce:

Our Isuzu engine diesel generator have all series from 20kva to 106kva Looking for reliable Isuzu generators for your power needs? Look no further than our Isuzu generator dealership! We are proud to offer a wide range of high-quality Isuzu gensets that are perfect for both residential and commercial use.

Our Isuzu generators are known for their superior performance, durability, and efficiency, making them the perfect choice for anyone who needs reliable and uninterrupted power. Whether you need a backup power source for your home or office or you need a reliable generator for your industrial or construction site, we have the perfect Isuzu generator for you.

##### Advantage of our Isuzu diesel generator :

Isuzu diesel generator have a sturdy housing

- Longer lifespan
- Lower maintenance costs
- Lower noise level
- Faster delivery time
- Better team service
- Higher level technical support.

##### Product parameters: Specification:

| Generator Set Specification     |     |                   |
|---------------------------------|-----|-------------------|
| Model                           |     | DE-IS45           |
| Max. Power                      | kVA | 40                |
|                                 | kW  | 32                |
| Rate Power                      | kVA | 36                |
|                                 | kW  | 28.8              |
| Frequency                       | Hz  | 60                |
| Rate Voltage                    | V   | 220/127           |
| Rate Current                    | A   | 94.5              |
| Dimension For Open-type Genset  | mm  | 1560 X 680 X 1350 |
| Weight For Open-type Genset     | kg  | 630               |
| Dimension For Soundproof Genset | mm  | 1950 X 900 X 1250 |
| Weight For Soundproof Generator | kg  | 960               |

##### Technical Data of ISUZU Diesel Engine:

| Engine Specification     |    |                        |
|--------------------------|----|------------------------|
| Engine Manufacturer      |    | Isuzu Engine Co., Ltd. |
| Engine Brand             |    | Isuzu                  |
| Engine Model             |    | 4JB1T                  |
| No. of Cylinder          |    | 4 Cylinder in line     |
| Aspiration               |    | Turbocharged           |
| Governor                 |    | Electric               |
| Engine Max. Output Power | kW | 38                     |
| Displacement             | L  | 2.8                    |
| Starting Voltage         | V  | 12                     |
| Bore                     | mm | 93                     |
| Stroke                   | mm | 102                    |
| Lubrication Oil Capacity | L  | 5.5                    |

##### Control Panel Specification:

|                  |          |
|------------------|----------|
| Controller Brand | Smartgen |
| Breaker Brand    | Delixi   |

|                                                                                                                                                                                                                                                                                                                                                                                                                 |                      |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------|
| Breaker Capacity (A)                                                                                                                                                                                                                                                                                                                                                                                            | 80                   |
| Battery Charger                                                                                                                                                                                                                                                                                                                                                                                                 | Smartgen             |
| Emergency Stop Button                                                                                                                                                                                                                                                                                                                                                                                           | Supply               |
| Automatic Mains Fail (AMF)                                                                                                                                                                                                                                                                                                                                                                                      | Supply               |
| Fuel Level                                                                                                                                                                                                                                                                                                                                                                                                      | Supply               |
| Automatic Transfer Switch                                                                                                                                                                                                                                                                                                                                                                                       | ATS as optional part |
| The control panel supply the full protection with alarm and shutdown of the diesel generator include Start-up fault (generator set shutdown), High coolant temperature (alarm and generator set shutdown), Low oil pressure (alarm and generator set shutdown), Low fuel level (alarm), Low cooling fluid level alarm (as optional), Overload (alarm and generator set shutdown), Battery voltage high (alarm). |                      |
| Optional controller: Each model of Deepsea, Smartgen, ComAp brand controller.                                                                                                                                                                                                                                                                                                                                   |                      |

**. Why Choose Us:**

**Dedicated**

We are DEDICATED to meet Customers' need.

**Enthusiasm**

We respond to our Customers' ENTHUSIASM

**Loyalty**

We cherish our Customers' LOYALTY

**Luxury**

We aim to establish our own LUXURY brand

**Efficient**

We offer our EFFICIENT service

**Newest**

We adopt NEWEST technologies for products

**Trust**

We strive for winning the TRUST from Customers

**. QUALIFICATION CERTIFICATE:**

**. FACTORY INTERIOR:**

**If you need ISUZU generator with other models technical data, kindly contact us for catalogues!**
